BRAMLEY COURT CARE HOME

Dear Friends

Well, autumn is firmly here! We have been reflecting on all of the lovely things we've been up to in recent weeks and thought you'd like to see some of our photographs too.

Super sewing skills

Our residents have been having a marvellous time working together on our latest creative project; sewing their own bespoke tote bags! Gioconda Gomez and friends have been guiding our residents to create some incredible designs and their creations are looking absolutely fantastic! It's been wonderful for residents to bond over an activity they all love, sharing stories about their first sewing machines and the items they used to make. It has been a joy to watch residents rediscover these skills whilst creating such beautiful designs. Long may it continue!

Animal therapy

As animal lovers, we know few things beat a cuddle with our furry or feathered friends. We've found it's a brilliant way to instantly raise a smile and spread joy throughout our home. Whether that's petting Pip, our loving Bramley dog with his boundless energy for chasing squirrels and hiding slippers or enjoying calming animal therapy visits where residents can sit and stroke baby rabbits and chicks, these connections capture our residents' hearts and are an important aspect of life in our happy home.

Autumn adventures

Life at Bramley Court is certainly fun-filled and we like to give our residents opportunities to experience adventure. Whether that's hopping in a rickshaw for a ride around the village, or even on the back of a motorbike with our friends, the Cambridge Volunteer Bikers who have been regulars at Bramley Court recently! Of course, there are still times when we like to share leisurely games of pool, cards and dominoes. The wonderful friendships amongst our residents and team make any activity enjoyable!

Blooming marvellous

Our residents are a green fingered bunch who love potting and planting, and we like to encourage their passion as much as we can. So we set off to Oakington, our favourite local garden centre for a little inspiration to fill our balconies and patios with colour for the new season! When we got home we set about creating some beautiful autumnal displays to decorate our home. Feeling inspired our creative residents reminisced about the flowers they would plant in their own gardens at this time of year and the memories each bloom brought back. Our garden is certainly ready for the new season now!

We always love reading your comments on Facebook! Here are a few recent ones:

"Fantastic photo's, great to see all the happy faces!" Marion

"Wonderful intellectual stimulation." Jill

"So many lovely smiles!" Gina

Looks great fun. You all do a great job in Bramley with everyone xx" Dian

"Hands in the air if you're having the best time!!" Lauren
